In the series debut *The Testing*, sixteen-year-old Cia Vale was chosen by the United Commonwealth government as one of the best and brightest graduates of all the colonies . . . a promising leader in the effort to revitalize postwar civilization. In *Independent Study*, Cia is a freshman at the University in Tosu City with her hometown sweetheart, Tomas—and though the government has tried to erase her memory of the brutal horrors of *The Testing*, Cia remembers. Her attempts to expose the ugly truth behind the government’s murderous programs put her—and her loved ones—in a world of danger. But the future of the Commonwealth depends on her.
